### Balanced Up-converters

**FEATURES**
- Low conversion loss
- Low LO drive power
- Full waveguide band operation
- Compact and rugged package

**APPLICATIONS**
- Test equipment
- Communication systems
- Radar receivers

### DESCRIPTION

FUB series balanced up-converters are offered in seven waveguide bands to cover frequency spectra from 18 to 110 GHz. These converters employ high performance GaAs Schottky beamlead diodes and balanced configuration to produce superior performance with a moderate LO pumping level. The converters are designed for full RF waveguide band operation with extremely wide IF bandwidth. Better performance can be obtained by operating the converters in narrower bandwidth. These converters offer moderate port to port isolation, which is high enough for most applications to eliminate additional filtering requirement. The standard converters are offered as double sideband operation and signal sideband version can be realized by adding an optional low pass or band pass filter. These converters are ideal candidates for test equipment, communication systems, frequency extenders and radar transmitters where frequency up conversion is desired.

### NARROW BAND MODELS

The lower cost model with narrow operating bandwidth. Customer may submit the specifications along with the model number per following instruction.

**Specify Model Number:**

```
FUB – CO LO IF CL - XX
```

**Example:** To order a W band balanced up-converter with 94 GHz LO frequency, 8 GHz IF bandwidth and 8 dB conversion loss, specify FUB-10940808-XX.

High quality microwave and millimeterwave components and subsystems. Visit Ducommun at www.ducommun.com
### Application
- **Compact size**
- **LO/RF in-line configuration**
- **Separate I/Q IF inputs**
- **High image rejection**
- **Low conversion loss**

### Specifications
- **Waveguide Band**: Ka, Q, U, V, E, W

### Outline Drawings
- **WT-F-1**
- **WT-F-2**
- **WT-F-3**
- **WT-F-4**
- **WT-F-5**
- **WT-F-6**

### Image Rejection (dB, Min)
- 20

### Conversion Loss (dB, Typical)
- 9.5, 10.0, 11.0, 11.0, 11.0, 12.0, 12.0

### Dimensions
- All dimensions are in inches.
